1 Cessna Drive • Garrison, ND 58540 • 701-337-5498

www.myersmeats.com

**We will accept Venison until November 30th, 2016.
Boneless trim only will be accepted again January 14th – 31st, 2017.**

IMPORTANT REMINDERS

- \$50 deposit required on all orders
- The **carcass tag** must accompany the deer/trim to the processor. (Proclamation contains details regarding this requirement.)
- We encourage our customers who bring in **boneless trim** for processing to be extra diligent in trimming away any damaged or dirty meat before bagging. Please do not use scented bags, and limit the amount of meat in each bag to about 15#. Bring trim in a sturdy, DISPOSABLE box, NOT coolers or totes that are valuable to you! We are not responsible for the return of those items.
- Please be considerate of our freezer space & pick up your order promptly after notification.

Lead fragments in venison have become a concern for hunters and processors. We have always kept your deer separate from others in all stages of our processing and we will continue to do this. We will take extra precautions when processing your deer to minimize your exposure to lead in the meat. Please handle all carcasses properly.
